

RAYMAN the BOARD Game

What is Kickstarter?

Kickstarter is a crowdfunding platform that empowers you to support projects from independent creators like us. By pledging, you invest in our vision, and if you contribute the right amount, you'll receive a copy of **Rayman® The Board Game** once it's produced. As a backer, you play a crucial role in helping us reach our \$50,000 CAD goal and bring this game to life. The best part? Your card won't be charged unless we hit our funding target. **It's all or nothing!**

How To Back the Game?

First Time on Kickstarter? No Problem!

Follow these 4 easy steps to back **Rayman® The Board Game** and join the campaign:

1. Select your Reward

After browsing the campaign page and deciding on the pledge tier that interests you, you can select your reward. Simply click on **"Back this Project"** or navigate to the **"Rewards"** tab to see all available options.

Back this project

Campaign **Rewards**  FAQ ³⁴ Updates ¹ Comments ¹⁹⁵ Community

2. Choose Your Pledge Level

We have 3 Pledge tiers available:

- **Essential** (Base game only)
- **Origins** (Base game + Expansion 5-6P + Set of 10 skins + Deluxe tokens)
- **Legends** (All-in! It includes every item and every add-on available)

Once you've decided on the level you want, simply click the green **"Pledge"** button below it. After selecting your pledge level, choose your region to proceed to the **"Configure Reward"** screen. Here, you can add any desired add-ons to your pledge.

Pledge \$65

ABOUT USD 47

Add-Ons (Optional)

On the Configure Reward page, you can enhance your pledge by adding additional items, known as "Add-Ons." This is the place to include extra copies of the game, Deluxe Tokens, Large Scale Figures, and more. Simply click the "Add" button next to each add-on you want to include.

3. Login or Create Account

If you're new to Kickstarter, you'll need to create an account*. The process usually takes less than a minute!

**We recommend not using Apple ID to create your account, as it may cause issues with receiving important update emails.*

Create an account

- Send me a weekly mix of handpicked projects, plus occasional Kickstarter news
- Contact me about participating in Kickstarter research

Create account

4. Submit Payment Info

You'll then be redirected to the **Pledge Summary** page to review your total pledge. If you're satisfied with your pledge, enter your payment details and click the "Pledge" button to complete the process. Done! You're now a backer of **Rayman® The Board Game!**

Rewards aren't guaranteed.

Backing means supporting a creative project, regardless of the outcome.

I understand that rewards or reimbursements aren't guaranteed by either Kickstarter or the creator.

Pledge

By submitting your pledge, you agree to Kickstarter's Terms of Use, and Dispute Policy, and for our payment processing, stripe, to charge your payment method.

What Are Lucky Tickets?

This Kickstarter campaign won't feature traditional stretch goals; instead, we're introducing "Lucky Tickets." Every two days, a new addition to the game will be revealed, independent of financial milestones. These "Lucky Tickets" represent exclusive upgrades and new game content beyond the base components, available only through this Kickstarter campaign and not sold in retail. It's our way of saying "thank you" to all our backers.

What Happens When the Campaign Ends?

1. Credit Card Charge

Your card will be charged once the campaign ends and we've reached our funding goal. If we don't hit our target of \$50,000 CAD within the **21-day campaign** period, you won't be charged.

2. Pledge Manager

Shortly after the campaign, we'll open a **Pledge Manager**. This platform will gather all your details and help us organize the shipping of your game. You'll receive an email with a link to lock your order, and provide your address. You can update your address until just before the game ships. Please use the same email address for both Kickstarter and the Pledge Manager to ensure everything goes smoothly.

3. Prod & Delivery

Once the Pledge Manager closes, we will finalize orders and begin mass production. Our goal is to have the games shipped by **June 2025**. While shipping delays can occur, we'll keep you informed throughout the process with regular updates.

Join the Fun!

By backing Rayman® The Board Game, you become part of a vibrant community and can engage in exciting interactions.

- **Comments Section:** Share your questions and suggestions throughout the creative process (during the campaign and the assembling phase).
- **Create an Entire Stage:** During the campaign, you can give your thoughts and participate in polls to shape an entire stage (set of two tiles). Artist Kevin-Mark Bonein will illustrate this world throughout the campaign, and we will reveal the final result at the end.
- **Access Updates:** Stay informed by checking your email for updates about game content and development.
- **Get Exclusive Content:** All backers who backed a copy of the board game will access free exclusive upgrades via Lucky Tickets and get access to limited add-ons, such as large-scale minis.

How you can help?

At FLYOS, we are a small, independent team of artists and craftsmen collaborating with **Ubisoft** and **Maxime Tardif** to create the best Rayman game possible. This is a labor of love, patience, and passion. We launched this adventure on Kickstarter because it allows us to support the artists more effectively, invest in high-quality components, and offer more content to early backers before the game reaches retail stores.

You make a real difference when you get your edition of Rayman® The Board Game on Kickstarter and when you spread the word by telling others about our game.
